

Dear Students,

We are happy to inform you that there was no significant outbreak of COVID-19 virus in Lithuania, and quarantine is getting looser every week. Every day more international flights are offered. Step by step, we are coming back to normal life, and the University is returning to regular studies. Beginning of the new academic year is scheduled for September the 1st, except for the 1st year Freshmen, who will begin classes on September the 14th. Some programs will have a short summer semester in August; students are asked to plan their travels following the information announced by their faculties.

Students whose timely return to Lithuania for regular studies is restricted, or those students that are coming from countries that require self-isolation, will be offered parallel online studies until travelling is allowed.

Traveling to Lithuania

The list of countries whose citizens may enter Lithuania unrestricted, and, respectively, the list of countries that still have restrictions, or the entry is denied, is weekly updated by the Ministry of Interior Affairs. LSMU will communicate these updates to you on the website and via email.

Mandatory return registration

There still are and most probably will be in place some measures applied to control the COVID risk. University shall be ready to welcome you upon return and prepare in a proper way the instructions and other things according to the actual situation. Especially, this concerns dormitory arrangements. The students that have registered at the LSMU dormitory are asked to inform the University about the day of their planned return **2 weeks in advance** by filling a simple form:

<https://link.lsmu.lt/isutmiex7>

Please note that the students are not required to submit any additional documents before the return, if the country of departure is not included into the list of restricted countries.

Let us be organized and make return process smooth together!

See you in Kaunas soon!
